

Bachelor of Economics/Advanced Maths (Hons) 3564

Progression Plan for 2020 Commencing Students

Terminology	Definition
Program compulsory core course and Introductory Business core course	Students must complete ECON1401 as the compulsory core course and choose another 6UOC of Introductory Business core course.
Economics Major	Students must complete at least one major in Economics, Econometrics or Financial Economics consisting of 60UOC. The 60UOC includes 36UOC from the compulsory first and second year core courses. (The Introductory Business Core course and ECON1401 do not count towards an Economics major.) Students must complete at least three (3) level 3 courses (numbered 3XXX).
Economics Elective	Account for 12-24UOC (2-4 courses) from the School of Economics to ensure a student completes a minimum of 78UOC of Economics courses within the School of Economics (including Introductory Business core course).
Business School Electives	Account for 12UOC (2 courses). Students are free to use these UOC to complete courses from within the Business School, however, they need to be mindful of the program limit on Level 1 courses (60UOC) when making their selection. GEN courses cannot count as Free electives.

Students should do the MATH courses which are required in the Advanced Maths (Honours) specialisations they choose – for example, the mathematics and statistics specialisations specify MATH1131/MATH1231 or MATH1141/MATH1241 rather than MATH1031/MATH104.

For ECON1202, the substitute courses are: MATH1031 or MATH1131 or MATH1141.

For ECON1203, the substitute courses are: MATH 1041 or MATH1231 or MATH1241.
