CLO2 : Understand and explain major methodologies used in associative and physiological Psychology for both animal and human research.

- Critical Analysis
- Mid-semester test
- Aysnchronous Tutorials - Preparation and participation
- Final exam

which you have not been allocated) without prior approval from the course convenor.

**Tutorial Attendance:** to ensure students are consistently working towards achieving the foundational graduate competencies required by the APAC Accreditation Standards attendance at tutorials is compulsory and a register will be recorded at the beginning of each tutorial. These Accreditation Standards are incorporated in Program and Course Learning Outcomes. Attendance at 80% of tutorials is required for eligibility to pass the course. If unable to attend a tutorial for medical or significant personal reasons, you must provide a medical certificate. If you do not provide a certificate, you will be recorded as being absent from the tutorial. Tutorial attendance will be recorded through completion of the asynchronous preparation tutorials.

**NB:** Attendance at face to face tutorials and timely completion of online tutorials is essential in accordance with UNSW Assessment Implementation Procedure. Please make sure you attend tutorials no later than 15 minutes after the commencement of the tutorial time slot. If you are running late or having issues connecting to collaborate, please notify your tutor and the course convenor to arrange attendance at a later tutorial.

All news updates and announcements will be made on the 'Announcements' forum on the Moodle page and/or by email. It is the student's responsibility to check Moodle and their student emails regularly to keep up to date.

The final exam for this course will be an invigilated exam held on the Kensington campus during the UNSW examinations period. Students should not arrange travel during the UNSW exam period until the date of the final exam has been released. Please see page 9 of this outline for more details on the exam.

Students registered with Disability Services must contact the course co-ordinator immediately if they intend to request any special arrangements for later in the course, or if any special arrangements need to be made regarding access to the course material. Letters of support must be emailed to the course coordinator as soon as they are made available.

The course web page is available through the e-learning Moodle site. Login with your student number and password, and follow the links to the PSYC2081 learning and Physiological Psychology page.

will be delivered in-person and digitally recorded. Links to the lecture recordings will be available through the Lecture Recordings + portal on the course web page. Lecture slides will be also available on the Moodle course page.

will be held in weeks 1 to 9. There are five (5) face-to-face tutorials in weeks 2, 4, 5, 7, and 9. There are two (2) online tutorials held in weeks 1 and 3. Tutorials will run for two (2) hours.

The [School of Psychology Student Guide](#) contains School policies and procedures relevant for all students enrolled in undergraduate or Masters psychology courses, such as:

- Attendance requirements
- Assignment submissions and returns
- Assessments
- Special consideration
- Student code of conduct
- Student complaints and grievances
- Equitable Learning Services
- Health and safety

It is expected that students will be familiar with the information contained in the Student Guide.

School of Psychology Student

harmonious and tolerant University environment.

You are required to:

- Comply with the University's conditions of enrolment.
- Act responsibly, ethically, safely and with integrity.
- Observe standards of equity and respect in dealing with every member of the UNSW community.
- Engage in lawful behaviour.  
Use and care for University resources in a responsible and appropriate manner.

early as possible before the deadline.

If circumstances prevent you from attending/completing an assessment task, you must officially apply for special consideration, usually within 3 days of the sitting date/due date. You can apply by logging onto myUNSW and following the link in the My Student Profile Tab. Medical documentation or other documentation explaining your absence must be submitted with your application. Once your application has been assessed, you will be contacted via your student email address to be advised of the official outcome and any actions that need to be taken from there. For more information about special consideration, please visit: <https://student.unsw.edu.au/special-consideration>

: UNSW has a "fit to sit/submit" rule, which means that if you sit an exam or submit a piece of assessment, you are declaring yourself fit to do so and cannot later apply for Special Consideration. This is to ensure that if you feel unwell or are faced with significant circumstances beyond your control that affect
